About Slack/Box

What is Slack?
Slack is a team communication tool that connects people to the information they need.
A dedicated channel can be created for each team for discussion and review.
Also, if you participate in multiple projects, you can have a channel for each project.

What is Box?
Box is a file-sharing service that enables secure collaboration from any location and on any device.
Online storage is available, as well as file sharing and team collaboration.
